Re: *The Millennium Whole Earth Catalog*

Dear John:

This is the revised agreement:

- LEGACY MEDIA, INC. (LMI) shall have the exclusive worldwide film rights in perpetuity (broadcast, theatrical, educational, home video/videodisk) for the *Millennium Whole Earth Catalog*. This will require appropriate filming access to activities at the offices on Gate Five Road (including access to the information and images to be published in the *Catalog*) as well as to persons and projects to be featured in the *Catalog*. It is understood that the full cooperation of the staff and board of directors will be essential to a successful program(s) and all good efforts will be made to secure it. LMI shall have the right to use the names *Whole Earth Catalog* and *Millenium Whole Earth Catalog* in connection with its production (with appropriate © notices).
- LMI shall be solely responsible for the cost of production under this agreement and no liabilities will be incurred by LMI on behalf of POINT FOUNDATION in connection with the programs. LMI shall be solely responsible for the content of the production.
- LMI shall have the right to assign these rights provided that Gaetano Maida remains a credited producer; such assignment shall be subject to the approval of POINT, which shall not be unreasonably withheld.
- Should LMI, six months from today, not have commenced filming *and* not have obtained a commitment for funding/broadcast, the exclusivity of these rights will be terminated.
- LMI shall identify the book, *The Millennium Whole Earth Catalog* (HARPERSANFRANCISCO) in any credits and promotion for its production (actual form of credit to be supplied by POINT).
- POINT shall receive a royalty of 2.5% of LMI's sales of the programs resulting from this agreement provided that proceeds of sales are in excess of the production budget.
- POINT shall have the right to purchase video programs produced by LMI pursuant to these rights at a price below standard wholesale (i.e. less than 50% of suggested retail) in units of 100.
